## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, particularly pointing out that the priority date of instant application claims priority from EP9988701.0 filed 8/6/1999, and EP99126035.7, filed on 12/27/1999, and hence Freyne et al. is not a competent prior art, the prior art 102 and 103 rejections made in the previous office action have been deemed as obviated.

The compound of Formula I, namely 6-azauracil derivative, with specific X, R<sup>1</sup>, R<sup>2</sup>, R<sup>3</sup>, and R<sup>4</sup> groups and along with specific p values, composition and method of treating eosinophil dependent inflammatory diseases embraced in the instant claims was not found to be anticipated or rendered obvious by the prior art of record. Additional search in the related art area also did not yield any prior art disclosing compound of formula I, with specific X, R<sup>1</sup>, R<sup>2</sup>, R<sup>3</sup>, R<sup>4</sup> groups and p values, composition and method of treating eosinophil dependent inflammatory diseases embraced in the instant claims. Therefore, the examiner noted that the claims 1-15 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
